Our Operation Philosophy

We build Reya around three principles:

Customer First
We listen to customer requirements and focus on long-term cooperation.

Credit Commitment
We value trust, consistency and responsible business relationships.

Quality
We aim to deliver reliable products with competitive pricing for overseas markets.

Our goal is to create sustainable, win-win relationships with customers and help them build greater value in their markets.

CORE COLLECTIONS

DINING CHAIRS · OFFICE CHAIRS · GAMING CHAIRS · BAR STOOLS

Dining Chairs

A versatile dining collection combining upholstered comfort, contemporary silhouettes and adaptable finishes for residential and commercial interiors.

Geometric Upholstered Dining Chair

A distinctive quilted backrest and curved seat create a modern statement for dining rooms, cafés and hospitality spaces.

Applications: Dining rooms · Restaurants · Cafés · Hotels · Hospitality

Upholstered Arm Dining Chair

A supportive wraparound form with upholstered seating, suitable for dining, meeting and hospitality applications.

Applications: Dining rooms · Restaurants · Cafés · Hotels · Hospitality

Minimal Upholstered Dining Chair

Soft neutral upholstery and tapered wood legs create a clean, contemporary look for modern interiors.

Applications: Dining rooms · Restaurants · Cafés · Hotels · Hospitality

Padded Dining Chair

Structured channel-style padding adds texture and comfort while maintaining a refined modern profile.

Applications: Dining rooms · Restaurants · Cafés · Hotels · Hospitality

Office Chairs

Practical office seating for contemporary workspaces, combining breathable surfaces, supportive forms and functional configurations.

Mesh Office Chair

A breathable mesh back, padded seat, armrests and rolling five-star base create a practical option for everyday work.

Design Highlights

- Breathable mesh back
- Padded seat
- Armrest configuration
- Five-star rolling base
- Height-adjustable design

Ideal For

Home offices · Workstations · Meeting rooms · Commercial offices · Office furniture retail

Collection Development

Reya can support a broader office seating assortment across task, meeting and executive styles, allowing buyers to build coordinated collections for different market segments.

Gaming Chairs

Feature-led seating for gaming rooms, streaming setups and multifunctional home offices, with an emphasis on high-back support and visual impact.

High-Back Executive / Gaming-Style Seating

The high-back silhouette, padded upholstery, armrests, reclining function and rolling base create a comfort-oriented product direction that can serve both gaming and extended home-office use.

HIGH-BACK FORM

Creates a substantial visual presence and supportive seating profile.

RECLINING FUNCTION

Adds flexibility for gaming, working and relaxation.

ROLLING BASE

Supports easy movement around the desk or workstation.

UPHOLSTERED COMFORT

Padded surfaces create a more premium, comfort-focused appearance.

Bar Stools

Contemporary counter and bar seating for kitchens, cafés, restaurants, bars and hospitality projects.

Bar Seating Collection

Our seating design language can be extended into bar and counter-height formats, with upholstery, leg finish and dimensions adapted to customer requirements.

Potential Applications

- Kitchen islands
- Home bars
- Cafés and restaurants
- Hotels and hospitality
- Commercial interior projects

Customization

Upholstery · Color · Leg finish · Dimensions · Packaging · Private label

For exact bar stool models, dimensions, materials and available configurations, please contact Reya sales for the latest product specification sheet.

One-Stop Manufacturer for Global Buyers

Reya Furniture is positioned as an affordable products supplier for overseas wholesalers, retailers, e-commerce sellers and project buyers. Our manufacturing background allows us to work from existing models as well as customer requirements.

01

PRODUCT SELECTION

Choose from existing designs or provide your target product reference.

02

SPECIFICATION

Confirm dimensions, upholstery, colors, finishes and functional requirements.

03

SAMPLE

Review product details and finalize the specification before bulk production.

04

PRODUCTION

Manufacture according to the confirmed product and packaging requirements.

05

DELIVERY

Prepare export packaging and shipment based on the agreed order plan.
